### **Sybron Dental Specialties Product Donation Benefits NCOHF Affiliate**

(Charlotte, NC—June 14, 2010) Sybron Dental Specialties has donated dental products valued at more than \$39,000.00 to National Children's Oral Health Foundation: *America's Toothfairy*® (NCOHF) to provide vital dental treatment for children from vulnerable populations. The Children's Dental Center of Greater Los Angeles (TCDC), a member of the NCOHF Affiliate network, received the donation of dental products to expand and enhance oral health services for underserved pediatric patients in the Los Angeles area. Like all community-based healthcare centers in the NCOHF Affiliate network, the goal at TCDC is to improve the oral health of local families through comprehensive oral health programs and services that promote positive health behaviors and treat the immediate oral health care needs of underserved children.

Mr. Dan Even, President of Sybron and past Chairman of NCOHF said, "As an NCOHF founding underwriter, Sybron is proud to support NCOHF life-changing oral health programs for underserved children. NCOHF Affiliates across the country continue to show impressive results in their efforts to provide quality, comprehensive care to the children who need it most."

"We are extremely grateful to Sybron Dental Specialties for their generous product donation to our Affiliate partner, The Children's Dental Center," said Fern Ingber, NCOHF President and CEO. "Sybron provided the leadership gift to establish NCOHF and continues to be a dedicated partner in our mission to eliminate children's suffering from preventable pediatric dental disease."

#### **About Sybron Dental Specialties**

Sybron Dental Specialties, a Danaher Company (NYSE: DHR), is a leading manufacturer of high technology dental, dental implant, and infection prevention products. Sybron products are consistent sales and technology leaders in the dental restorative, orthodontic, endodontic, and infection prevention marketplace.
