National Children's Oral Health Foundation: *America's Toothfairy*®

...because every child deserves a healthy smile.®

PEDIATRIC DENTAL DISEASE

A National Health Crisis

- Pediatric dental disease is the **#1 chronic childhood illness in America**, affecting over 40% of children by the time they reach kindergarten
- Dental disease has been linked to heart disease, stroke, diabetes, pneumonia, poor pregnancy outcomes, and dementia
- American taxpayers will spend over \$100 billion on dental services for the uninsured in 2010
- Over 164 million work hours and 51 million school hours are lost each year due to dental complications
- Untreated dental disease can lead to malnourishment, bacterial infections, required emergency surgery, and even death

National Children's Oral Health Foundation is *America's Toothfairy*®

- A national nonprofit organization dedicated to eliminating preventable pediatric dental disease by supporting direct delivery of care to at-risk children
- The NCOHF Affiliate network has provided critical oral healthcare to more than 1 million underserved children in four years
- NCOHF signature programs engage all community stakeholders in a united response to the vital oral health needs of vulnerable populations

NCOHF is focused on eliminating pediatric oral disease and promoting overall health and well-being for millions of children from vulnerable populations. We are a comprehensive resource provider for non-profit community programs that deliver critical preventive, educational and treatment services.

- Affiliate partners work locally to deliver critical preventive, educational and treatment services to underserved children

NCOHF AFFILIATES SPEAK OUT

“On behalf of the Valley Community Clinic, we thank you for the generous donation. **Adequate dental care is the number one unmet need in the uninsured community.** It is a blessing to have a supportive NCOHF network, which enables us to expand the care we provide our patients to include the whole body!”
**Paula Wilson, President and CEO, Valley Community Clinic
North Hollywood, CA**

“National Children's Oral Health Foundation is making invaluable contributions, which directly respond to the Pediatric Oral Health crisis in America. Thanks for all you do to support our institution, and for your passion and commitment to the children of our great nation.”

**Leo E. Rouse, DDS, Dean, Howard University College of Dentistry,
Washington, DC**

Tomorrow's SMILES®

- Promote better oral health practices for healthy and productive futures
- Volunteer dental professionals provide comprehensive restorative services for a promising at-risk teen in their community

America's Toothfairy Dental Home Program™

- Give underserved children the building blocks to develop life-long proper oral health habits
- Volunteer practitioners provide comprehensive care for a local underserved child and give them a *Dental Home*
