A-dec Makes Substantial Equipment Donation to NCOHF Affiliate Network

(Charlotte, NC— January 11, 2011) A-dec® has made a generous equipment donation to three oral health programs in the National Children's Oral Health Foundation: *America's Toothfairy*® (NCOHF) Affiliate network to support comprehensive care for children from vulnerable populations.

University of Florida College of Dentistry, University of Indiana School of Dentistry, and Arizona Public Health Association received new operatory equipment for their dental clinics offering vital local pediatric oral health services.

Paula Vogel, A-dec Manager of Corporate Communications and Public Affairs, stated, "A-dec is honored to support NCOHF dedicated Affiliates and volunteers who provide for those in need."

"A-dec has been a steadfast partner in our mission to break the cycle of preventable pediatric dental disease," said Fern Ingber, NCOHF President and CEO. "By outfitting our Affiliate partners with quality operatory equipment, these programs can continue to provide the very best care in an optimal setting, to children who may otherwise never see the inside of a dental office."
