About Smile Drive

Similar to a canned food drive, but for oral care products, the Smile Drive is a national campaign to collect toothbrushes, toothpaste, and other essential oral care products for children and youth in need. Since 2014, over 1.2 million products have been distributed to children in underserved communities through Smile Drive.

Join us and lead a Smile Drive at your school, business or practice, benefiting children and youth in your community. Simply set up a collection box for donated products, choose a local charity to receive your donations, and deliver the oral care items you collected by March 20, 2018.

Contact us at programs@ncohf.org if you have any questions.
